

HYDRAULIC BENDING PRESSES

Purpose:

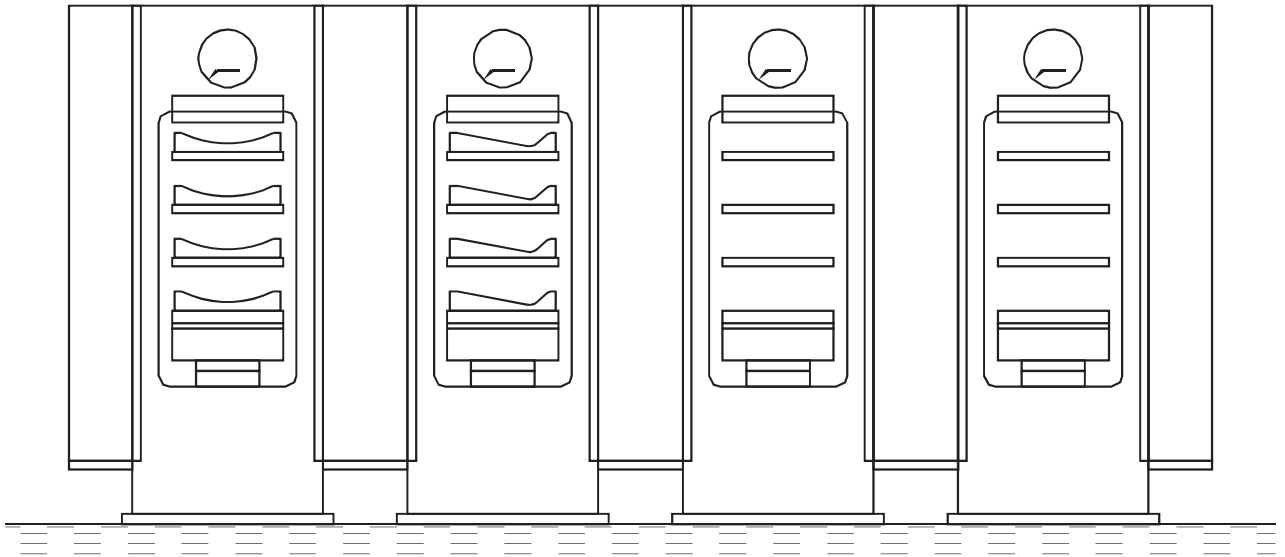

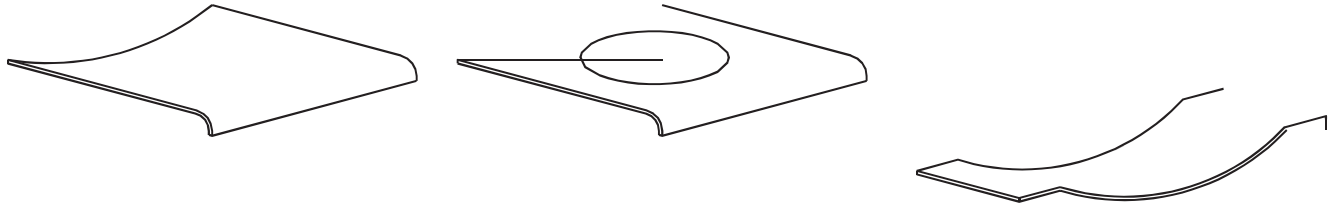

- for bending of deep wooden elements

Main technical data:

Working surface	2000 x 750 [mm] 2500 x 750 [mm]	On request.
Main pressing force	3200 [kN]	
Side pressing force	2 x 600 [kN]	
Heating	HF generator	
...	...	

HYDRAULIC BENDING PRESSES, TYP HPS

Purpose:

- for bending of shallow wooden elements

Main technical data:

Heating plaet size	600 x 600 [mm]	On request
Specific pressing pressure	250 [N/cm ²]
